strategies proven to increase student scores and improve teacher job satisfaction—while significantly reducing classroom disruptions.

This was an excellent seminar—the best one, truly, I've been to. I hadn't found a way—until now—to be a fair and effective disciplinarian. I so appreciated the seminar—it was truly a gift.

Amanda Beeson, French Teacher

I was thinking about retiring, but after attending the seminar, I have hope, and my love for teaching has been rekindled. Thank you so much!
